TECHNICAL CONSULTATION SERVICES

- No time to do your own research? Let us do it for you... we will provide you with a list of relevant literature specific to your exploration area or interest. Included will be a commentary on the breadth and usefulness of available literature and potential avenues for further reading.
- Cost: USD $60 /hour (minimum 2 hours).

Please note: We try our best to mostly reference papers that we are able to get a hard copy of, but sometimes that is not always possible: especially with theses, as written permission from the Author needs to be obtained first.
