ERROR: In the March technical references I listed 4 pdfs as 7th. Brasil Symposium: They were presentations from **Diamond Development Exploration Symposium**. There is an additional one added here in the April Technical listings by Presser.

Isaac Asimov wrote: *** Please note I changed United States to World..... applies everywhere!

"There is a cult of ignorance in the World, and there has always been. The strain of anti-intellectualism has been a constant thread winding its way through our political and cultural life, nurtured by the false notion that democracy means that 'my ignorance is just as good as your knowledge'."
