

# Understanding a Resource Junior Story Path

Company, Project & Metals:

## Strategies for Success

- Conventional Exploration Methods
- Innovative Expl Method – geochemical
- Innovative Expl Method – geophysical
- New Model Exploration
- Tectonic reconstruction of geology
- Under Cover – post mineral
- Under Cover – swamp, gravel, overburden
- Data compilation & digitization
- Explore deeper, on strike, parallel
- Explore for cluster repetition
- Metal Price Gain or Optionality on it
- New mining approach or process flowsheet
